

Terms of Reference for Botany Groundwater Community Liaison Committee – Revision 2

Objective

The objective for the Botany Groundwater Community Liaison Committee (CLC) is to provide an ongoing forum for the involvement of representatives from the community in the planning and implementation of remediation initiatives for the Orica contaminated Botany groundwater. This objective will be satisfied through:

1. Engaging the community in discussions regarding the groundwater cleanup plans put forward by Orica to the key government stakeholders and encouraging feedback through the committee
2. Receiving progress reports on the implementation of all aspects of the groundwater cleanup plan and providing feedback
3. Receiving briefings from Orica and its environmental consultants, on the development and implementation of the groundwater cleanup plan
4. Assisting in the ongoing review and monitoring on the progress of the groundwater cleanup
5. Providing a Representative on the Independent Monitoring Committee (IMC) to act as the liaison between the IMC and the CLC
6. Directing the IMC and its technical experts in the Committee's undertakings through the CLC Representative
7. Monitoring and evaluating the performance of the IMC members in accordance with the IMC Terms of Reference
8. Reviewing the IMC Terms of Reference from time to time as required
9. Reviewing the CLC Terms of Reference from time to time to review and update membership and responsibilities
10. Reviewing the Terms of Reference of the CLC Chair from time to time as required
11. Striving to reaching decision-influencing outcomes through consensus
12. Providing feedback of the CLC and IMC meetings, and IMC tasks, to the broader local community through the networks available to the CLC members (and for Orica to support this feedback process where possible through communication channels including newsletters, newspaper columns, community forums, Orica website, etc)
13. In the event that the Chair is unable to attend a CLC meeting, the chairing role will be delegated to a representative of the City of Botany Bay Council

Membership

Members are those listed and current at the date of issue. Other interested parties will be deemed a member once they have been involved in Community Liaison Committee meetings and workshops on the Botany Groundwater Project for one year.

Current Chair – John Kent

Secretariat – Orica Community Relations

Local residents regularly participating as at 15 January 2010

- Coleen Greene
- Len Mahony
- Paul Pickering

Local Community Interest Groups

- Botany Environment Watch – Nancy Hillier, Julia Gennissen
- Concerned Citizen Association, Rockdale 3rd Ward – Julia Gennissen
- NSW Recreational Fishing Association – John Burgess
- Botany Bay Explorers – Lynda Newnam
- Botany Bay and Catchment Alliance – Peter Sangster, Kevin Jacobs, Brian Shaw
- Botany and Easter Region Environmental Protection Agency (BEREPA) – Patrick Williams, Laurel Wolfram
- Save Botany Beach – John Tourrier

Local Schools

(limited to schools within and immediately surrounding the GEEA)

- Banksmeadow Public School – John Owen (Principal)
- Pagewood Public School – Marella Hogan (Principal)
- Matraville Public School – Simon Symeou (Principal)
- Botany Public School – Principal
- John Brothie Memorial Pre School – Rebecca Andrews (Principal)

Local Industry Representatives

- Solvay Interlox - Rick Bevan
- Maritime Container Service – Alicia Ferreira
- Kellogg's – Kelvin Hawkins, Helena Cooke-Yarborough
- Gazal Corporation – Peter Wood
- Amcor Fibre Packaging Australasia – Raelene Oliver
- Asiano – Tony Murray
- Botany Industrial Park – Richard Benson
- Sydney Ports Corporation – Christa Sams, Kathy Lloyd

Conservation/Environment Groups

- Australian Environmental School.com – Susan Hall

Government and Regulatory Groups

- Local State MP – Kristina Keneally, Michael Daley
- City of Botany Bay Council –Warrick O'Brien
- Randwick City Council – Bronwyn Englaro
- Department of Environment, Climate Change and Water (DECCW) – Niall Johnston, Matthew Hart, James Goodwin, Bob Marr, Erwin Benker, David Gathercole
- NSW Office of Water (part of DECCW) –Greg Russell, Marwan El-Chamy, George Gates , Richard Nevill
- Department of Planning – Ann-Maree Carruthers
