

13 October 2006

Mr Steve Corish
Environmental Projects Officer
Orica Limited
16 -- 20 Beauchamp Road
Matraville NSW 2036

Dear Steve

**Orica Botany Groundwater Cleanup Project
Addendum - Independent Environmental Audit Report**

KMH Environmental Pty Ltd completed the first Independent Environmental Audit of the Groundwater Remediation Project In September 2006. In our report titled "*Independent Audit Report - Botany Groundwater Remediation Program*" dated September 2006, KMH identified that the requirements of the Environment Protection Licence (EPL) Conditions E12.1.1(c), E12.1.1 (d) and E12.2.2 (d) had not been completely satisfied by Orica.

Subsequent to completion of the audit Orica submitted additional materials to the auditor that, in the auditor's opinion demonstrate that those Licence Conditions have now been satisfied. The additional documentation and the auditor's assessment follow:

Condition E12.1.1 (c) and (d)

Pacific Air and Environment has completed a review of the air quality impacts of the project in accordance with this Licence Condition. Their assessment is detailed in the report titled; "*Review of the Air Quality Impact Assessment for the Botany Industrial Park Groundwater Treatment Plant, Job Number 2262*" dated 29 September 2006.

URS Australia Pty Ltd has completed a review of the human health risk assessment (HHRA) undertaken for the original EIS in accordance with the requirements of these Licence Conditions and presented their findings in a letter report titled: "*Review of Groundwater Treatment Plant EIS HHRA _ Emissions to Air WCIE4325*" dated 22 Septemebr 2006.

The EPL Conditions E12.1.1 (c) and (d) have been satisfied.

Condition E12.2 General Requirements (d)

This condition requires that a statement detailing the overall environmental management and effectiveness of the project be included in the Environmental Review report. The Orica report titled "*Validation Audit and Environmental Review Report No. En.1591.61.Pr016 Revision 0*" has been completed and now contains the required statement.

The EPL Conditions E12.2.2 (d) has been satisfied.
